

Wave Lander

Harbour Patrol

Hull Form

The Wave Lander is a versatile harbour patrol and pollution control vessel designed by Camarc Limited. The fast landing craft style hull form provides excellent sea keeping and manoeuvrability as well as a very shallow draught for beaching. She is capable of taking an all terrain vehicle on deck, loading via the bow ramp and she has a split level wheelhouse with space for pollution control equipment and comfortable seating for her patrol duties as well as excellent visibility from the upper wheelhouse.

Principal Dimensions
